

Commission Worksheet

Salary Plus Commission

1. Sonny works as a furniture salesman and earns a base salary of \$350 per week plus 6% commission on sales. What was Sonny's weekly gross salary if his total sales were \$3750?
2. Veronika works at Future Shop and earns \$10.50/h plus 6% commission on sales. Last week Veronika worked 40 hours. What was Veronika's weekly gross salary if her total sales were \$2050?

Straight Commission

3. William earns straight commission as a real-estate agent. Last month his total sales were \$971,168.00. If William earns a 3% rate of commission, what was his gross income last month?
4. Sophia earns straight commission selling cell phone contracts. Last month she sold 341 cell phone contracts worth a total of \$38,192.00. If Sophia earns a 5% rate of commission, what was her gross income last month?
5. Brian is a salesman for a wholesale computer parts company. He earns straight commission at a rate of 4%. Last month his total sales were \$82,968.00. What was his gross monthly income last month?

Commission

Commission is the money paid to you when you sell a product or service for a company. Sometimes you earn an hourly wage plus commission. Sometimes instead of paying you a certain hourly or weekly salary, companies pay the workers for what they sell, or a straight commission.

Example

Jimmy is a salesman at Amy's Furniture. He earns a base salary of \$350 per week plus 6% commission on sales. What was Jimmy's weekly salary if his total sales for the week were \$7500?

1. Carol sells candles and Yankee Candle. She earns \$8.50 per hour plus 6% commission on sales. Last week Carol worked 40 hours. What was Carol's weekly gross salary if her total sales were \$250?
2. Ben earns straight commission as a real-estate agent. Last month his total sales for all the houses he sold were \$950,000. If Ben earns a 3% rate of commission, what was his gross income last month?
3. Jenna earns straight commission selling cell phone contracts. Last month she sold 210 cell phone contracts worth a total of \$29,950. If Jenna earns an 8% rate of commission, what was her gross income last month?
4. Julie sells jewelry at house parties as a way to make extra money. Her commission is 11% of the sales she makes. She had 3 parties this month. The sales for the 3 parties were \$810, \$670, and \$925. What was her commission for the month?

Find the amount of pay for each:

Commission Rate	Total Sales	Salary	Amount of Pay
5%	\$8,500	\$0	1.
13%	\$995	\$0	2.
3 ½ %	\$5,558	\$0	3.
14%	45,150	\$300	4.
6 ¾ %	\$12,105	\$125	5.

6. An insurance salesman gets 11% commission on his month's sales of \$54,000. What's his commission?
7. A computer salesman gets 14% commission on his monthly sales of \$4,298. What's his commission?
8. A vending machine salesman makes 8.5% commission on monthly sales of \$9,572. What's her commission?
9. A clothing saleslady makes 4 ½ % commission on \$6,225 worth of sales. Her monthly salary is \$400. What's her monthly pay?
10. An appliance salesman gets 8 ½ % commission on monthly sales of \$3,552. His salary is \$350/mth. What's his pay?
11. A furniture salesman makes 3.5% commission. Her monthly sales are \$18,545. Her annual salary is \$18,995.80. What's her monthly pay?
12. Alexis sells season tickets to soccer games. The season tickets cost \$225.75. She makes a commission of 16% on each sale. Last month she sold 42 season tickets. What did she earn for the month?
13. Jesse sells advertising pages for a magazine. He is paid 13.5% commission for each page he sells. A page sells for \$1,350. He sold an average of 24 pages a month. What was his commission for the year?
14. Ron makes a straight commission of 11%. How much did he earn for sales of \$14,927.65 and \$9,882.75 together?

Worksheet #7

Commissions

1. Salesman Randy gets fixed salary of \$2000 per month and a commission of 2% on sale. If total sale is \$30,000 for the month, find his total salary for the month?
2. Mike makes a commission of 10% on each TV set sold at store. Each TV costs \$120. How much money will he make as commission if store sells 25 TV sets?
3. John makes a commission of 2% when a house is sold by his company. How much money will John make as commission if his company sells the house for \$300,000.00?
4. Alexandria, a car dealer, earns 40% commission of her luxury vehicles sales. Last year, her sales were \$480,000. What was the total dollar amount of her commission last year?

5. Henry is an agent for movie stars. He earns 10% of his clients' salaries. If he made \$72,000 last year, how much did he clients make in all?

6. Steve, an art dealer, earns 25% commission on the dollar value of the art pieces that he sells at the Bunnell Gallery. Steve earns \$10,500 this month. How much is the dollar value of the art that he sells?

7. Alejandro, a pharmaceutical sales representative, sells statins for a drugmaker. He earns a 12% commission of the total sales of the statins that he sells to hospitals. If he earned \$60,000 in commissions, what was the total dollar value of the drugs that he sold?

8. John is selling sets of knives and makes a 10% commission on all sales. What would his commission be on the sale of a \$3250 set of knives?
